

**THELIN COMPANY, INC.**  
**MANUFACTURER OF PELLETT, GAS, & WOOD STOVES**

**Gnome 1900**  
**Direct Vent Gas Heater**

The Gnome 1900 is a limited edition model of our classic direct vent gas heater. While the technology encompasses a state-of-the-art gas valve, pilot assembly and fan motor, the castings are turn of the century. The limited edition leg (125 sets made per year) and classic decorative bonnet, make the Gnome 1900 a future collector's stove.

The 1900 is available in five porcelain colors: Burgundy Red, Teal green, Cobalt Blur, Ivory and Ebony black (shown on this page). In addition, the decorative trim can be ordered in gold or nickel to accentuate the porcelain colors.

<b>SPECIFICATIONS</b>	<b>PERFORMANCE</b>	<b>CLEARANCES</b>
Height: 34"	High: 22,000 BTU (Natural Gas)	Back wall: 4"
Weight: 125 lbs	Low: 13,200 BTU (Natural Gas)	Side wall: 8"
